PROFESSIONAL EXPERIENCE

Cheery Robot Academy

Johannesburg, GT, South Africa

Independent Coding Tutor (Game Development)

May 2024 – November 2025

- Designed and taught coding classes that exposed students to programming and problem-solving.
- Guided students through the process of developing projects with Roblox Studio through hands-on teaching and conceptual application.

Superprof

Johannesburg, GT, South Africa

Independent Contract Programming Tutor (Java, C#, JavaScript, and Python)

July 2023 - October 2025

- Gave clear, supportive guidance that received excellent feedback.
- Ranked as an ambassador, displaying outstanding technical ability and communication skills.

RELEVANT PROJECTS

Pomodorro Timer

View Project: <https://github.com/clarakhumalo/PomodorroTimerApp>

(JAVA & JAVAFX)

- Designed a timer with two options for work-break sessions (**25/5 and 50/10**) to help the user avoid burn out and stay focused while studying.

Java Basics Coding App

View Project: <https://github.com/clarakhumalo/JavaCodingTutorialsApp>

(JAVA & JAVAFX)

- Combined skills gained during my experience as a tutor with my coding knowledge to build an app for new Java programmers.

AWARDS & RECOGNITION

- Advanced through all four levels on the platform, rising from “New” to “Ambassador”, the platform’s highest status.
